

How to Update Your Medical License

Step 1: Log in to your portal account from our website (www.theaba.org) by clicking on “Login.”

Step 2: Once you’re logged in, under “Medical License” click on “My Medical Licenses” to edit/add any medical licenses you have previously held, or currently hold, that are not listed.

Step 3: Edit or add your new license information. Once you have updated your information, please allow time for processing.
